

STRATEGY & GOVERNANCE	
Is there a state agency or taskforce responsible for AI regulation or development?	<p>No, there is not a singular agency responsible for AI regulation or development.</p> <p>However, various state agencies have been identified to conduct limited regulation and enforcement. The AG is overseeing the use of AI under the Unfair Trade Practices and Consumer Protection Law. The Pennsylvania Department of State is also responsible for overseeing the professional licensure and unlicensed practice of health care.<sup>373</sup> The Pennsylvania Office of Administration is responsible for establishing guidelines for state employees' use of AI.<sup>374</sup></p> <p>In addition, in January 2026, the Joint State Government Commission published a report titled <i>Artificial Intelligence: Advisory Committee Recommendations on the Adoption and Use of AI in Pennsylvania</i>.<sup>375</sup> The report outlines the history of AI and recommendations for the use of AI within the state.</p>
Is there an enacted AI law that applies to health insurance?	No.
Is there an official state strategy on AI?	No.
CONSUMER PROTECTIONS	
Is there a state data protection law that applies to AI use of personal data?	<p>No.</p> <p>Pennsylvania's data protection law focuses on notification requirements for data breaches.<sup>376</sup></p>
Is human oversight of AI required?	No.
Is there a consumer complaint mechanism available?	<p>Yes, specific to AI and the unlicensed practice of medicine.<sup>377</sup></p> <p>Consumers can <a href="#">file a complaint</a> with the AI Enforcement Task Force at the Department of State.</p> <p>Consumers can also <a href="#">file a complaint</a> with the Pennsylvania Insurance Department if they believe AI has been used improperly within their health insurance.</p>
Has the state insurance commissioner adopted the NAIC Model Bulletin or a similar bulletin?	<p>Yes.</p> <p>The Pennsylvania Insurance Department issued Notice 2024-04 adopting the NAIC Model Bulletin.<sup>378</sup></p>
FUTURE READINESS	
Are there state-based advocacy groups related to AI in health insurance or health care?	No.
Are there state-funded training opportunities on AI?	<p>No.</p> <p>However, the Governor's Office, in collaboration with the Departments of Education, Health, Human Services, State Aging, and Banking and Securities, launched an <a href="#">AI Literacy Toolkit</a> aimed at educating the public on how to use AI safely and responsibly.</p>
